

Technical Specification

Standard:	OP-BT-IEC: IEC 62056-21(IEC 61107) OP-BT-ANSI: ANSI C12.18 Type 2
Bluetooth Standard:	Bluetooth 5.0, BLE + SPP, 2.4G
Communication Speed:	300bps ~ 57,600bps
Default Baud Rate:	9600bps, supports IEC dynamic baud rate,
Max Bluetooth Comm. Range:	10 Meters
Magnet Attachment:	Magnetic Force, N4.0
Indicators:	3 (Power/Battery, Bluetooth Status, RX, TX)
Battery:	Li-Po, 3.7V, 1050mAh
Battery Charging:	4.5 Hours , 2.5 Hours(fast charge)
Standby/Working Hours	80h/75h
Hibernate Mode:	100 days
IR Radiation Wavelength:	940nm
IR Communication Distance:	0 ~ 80mm
IR Sensor Wavelength:	700~1100nm
Weight:	59gr
Voltage:	3.7 ~ 4.2V
Power Adapter:	AC 85 ~ 220V, DC 5V
Protection Class:	IP67
Working Temperature:	-30°C ~ 80°C
OS compatibility:	iOS, Android, Linux, Windows, Mac OS X, Windows CE
USB & Driver:	USB Type-C, 2.0 standard
Firmware:	Upgradable, via bluetooth or USB cable

OP Manager

OP Manager provides extensive features to OP series bluetooth optical probes, showing up device information and manage device settings.
